PROFESSIONAL SUMMARY

Computer Science Engineering student (B.Tech, CGPA 8.12/10, 2027) with hands-on experience in Java, Python, JavaScript, Node.js, React.js, SQL and Git. Built three full-stack projects with REST APIs and MySQL integration, and completed the IBM PBEL virtual internship, working remotely under industry mentorship. Strong in problem-solving, debugging, troubleshooting and analytical thinking, backed by Data Structures & Algorithms, OOP, DBMS, Operating Systems and Computer Networks. Collaborative, deadline-driven and a continuous learner, seeking an internship to support senior team members on technical projects, resolve technical issues and learn new technologies and project methodologies.

TECHNICAL SKILLS

Programming & Scripting: Python, oops with Java, C, JavaScript, SQL
Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS, Supabase
Web & Systems: HTML5, CSS3, REST API Integration, Responsive Design, Cross-Browser Compatibility, Troubleshooting
Core CS Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
Tools & Platforms: Git, GitHub, VS Code, Postman, Chrome DevTools, MySQL, Technical Documentation
Professional Skills: Problem-Solving, Analytical Thinking, Communication, Teamwork, Time Management, Remote Collaboration,currently Enroll in aspire ledership program.
Currently Learning: Next.js, Backend Development, REST API Design

EDUCATION

B.Tech in Computer Science & Engineering*2023 – 2027*
Jahangirabad Educational Trust Group of Institutions, Lucknow • AKTU • CGPA: 8.12/10
Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

EXPERIENCE

IBM PBEL Virtual Internship — Software Development | Remote*24 Jun 2026 – 27 Aug 2026*

- Completed software development assignments remotely under mentorship from IBM industry experts, following modern development workflows and best practices.
- Applied web development fundamentals to design and debugging, managing time independently and incorporating mentor feedback in a remote setup.

CodeAlpha — Frontend Development Internship | Remote*1 Month*

- Completed a one-month frontend development internship, building responsive web interfaces with HTML, CSS and JavaScript.
- Delivered assigned tasks on schedule, debugged UI issues and applied feedback from mentors to improve code quality.

PROJECTS

Hostel Management System | React.js, Node.js, Express.js, MySQL

- Developed a full-stack system for students and wardens to submit, track and resolve hostel complaints digitally.
- Implemented student authentication, complaint submission and real-time status tracking using React.js and Node.js/Express.js.
- Designed MySQL schema to store student data, complaints, statuses, remarks and timestamps; debugged API and database issues using Postman and Chrome DevTools.
- Built a role-based Warden/Admin dashboard to view, update and resolve complaints; designed a responsive interface for 100+ potential users.

Food Ordering Website | HTML, CSS, JavaScript, Node.js, Express.js, MySQL

- Built a responsive full-stack ordering platform with menu filtering, cart management, checkout and order processing.
- Designed and implemented REST APIs with Node.js/Express.js and MySQL for customer and order data management.
- Added dynamic UI updates and localStorage-based cart persistence; deployed via GitHub and cloud hosting.

Mobile Shop Website | HTML, CSS, JavaScript, React.js, Supabase

- Built a responsive mobile shop website with React.js for browsing mobile phone listings and details.
- Integrated Supabase as the backend for data storage and management, connected to the React.js frontend via its API.
- Designed a clean, responsive UI with HTML, CSS and JavaScript, tested across browsers using Chrome DevTools.

CERTIFICATIONS

IBM PBEL Virtual Internship • AI Database Administration • Exploratory Data Analysis • The Bharat AI Initiative (powered by OpenAI)

ACHIEVEMENTS & ACTIVITIES

- Gold Medalist, Exploratory Data Analysis Assessment Test (data analysis and analytical skills).
- Ranked 2nd in academic performance (percentage) across the college.
- Team participant in hackathons at IIT Bhubaneswar and Frontend Arena, building solutions under deadlines.
